REMARKS

Reconsideration of the present application is respectfully requested in light of the above amendments to the application and drawings and the following remarks.

Regarding the Drawings

In response to the Notice Regarding Drawings (copy of Notice of Draftsperson's Patent Drawing Review sheet attached), the Official Draftsperson objected to Fig. 5 stating that the views were not labeled separately or properly. Figure 5 has been correctly labeled as Figs. 5A, 5B, and 5C. The Official Draftsperson has also objected to Figs. 1-5 stating the lines, numbers and letters are not uniformly thick and well defined, clean, durable, and black (poor line quality). Figures 1-5 have been corrected and Replacement Figs. 1-4 and 5A-5C are being submitted concurrently herewith to the Official Draftsperson.

Regarding the Specification

The specification has been revised to correspond to the drawing changes in Figs. 5A-5C. Please amend the above-identified patent application and drawings. No new matter has been introduced.

Respectfully submitted,
